

# Magic Remote Control Functions

For PM9700 series

When the message "Magic remote control battery is low. Change the battery." is displayed, replace the battery.

To replace batteries, open the battery cover, replace batteries (1.5 V AA) matching ⊕ and ⊖ ends to the label inside the compartment, and close the battery cover. Be sure to point the remote control at the remote control sensor on the TV.

To remove the batteries, perform the installation actions in reverse.

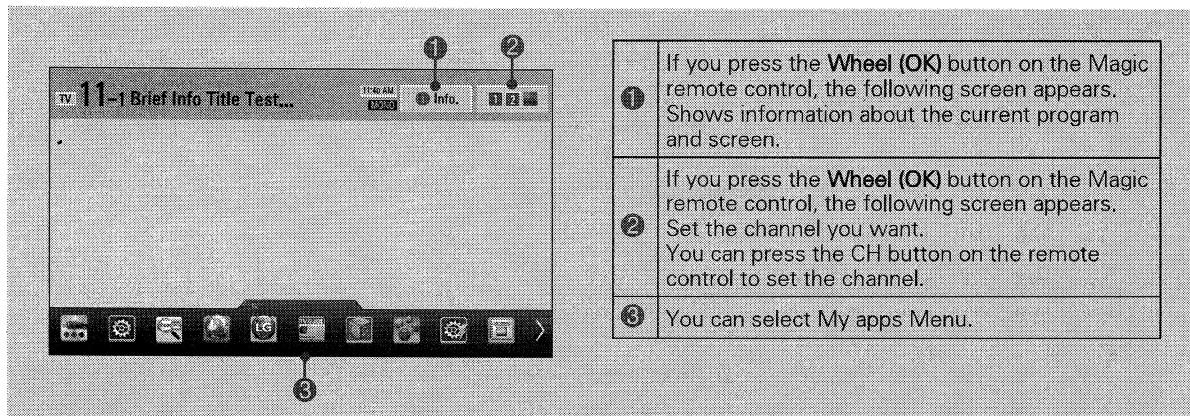

## CAUTION

- Do not mix old and new batteries, as this may damage the remote control.
- Do not need RF dongle which is built in.

Make sure to point the remote control at the remote control sensor on the TV.

ENGLISH

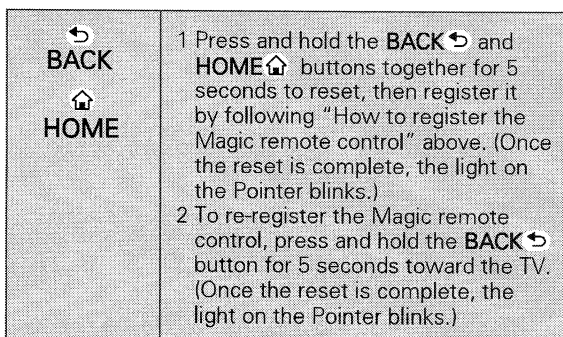

## Registering Magic Remote Control

The Magic remote Control operates by pairing with your TV. Once you purchased the TV, please register the Magic remote control as follows;

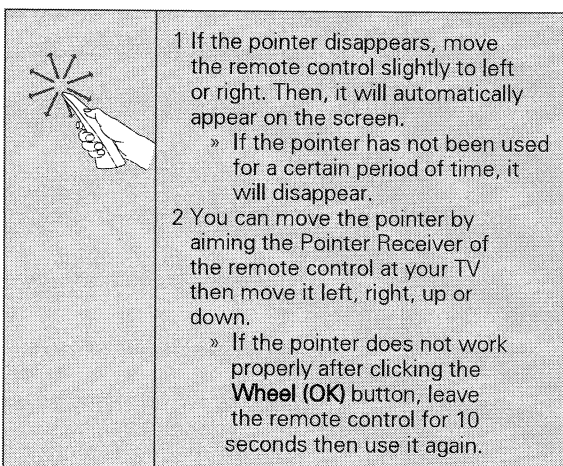

### How to register the Magic Remote Control

### How to Re-register the Magic Remote Control after Registration Failure

### How to use Magic Remote Control

## Precautions to Take when Using the Magic Remote Control

- Use the remote control within the maximum communication distance (10 m, 32.8ft). Using the remote control beyond this distance, or with an object obstructing it, may cause a communication failure.
- A communication failure may occur due to nearby devices. Electrical devices such as a microwave oven or wireless LAN product may cause interference, as these use the same bandwidth (2.4 GHz) as the Magic Remote Control.
- The Magic Remote Control may be damaged or may malfunction if it is dropped or receives a heavy impact.
- Take care not to bump into nearby furniture or other people when using the Magic Remote Control.
- Manufacturer and installer cannot provide service related to human safety as the applicable wireless device has possibility of electric wave interference.
- It is recommended that an Access Point (AP) be located more than 1 m (3.28 ft) away from the TV. If the AP is installed closer than 1 m (3.28 ft), the magic remote control may not perform as expected due to frequency interference.
