

# Part Names and Functions

## Remote Control

### 1 **⏻ STANDBY/ON**

Press to turn the power on and off.

### 2 **TV CONTROL**

Your TV can be controlled using the player's remote control (page 22).

**⏻** – Press to turn the TV's power on and off.

**INPUT SELECT** – Press to switch the TV's input.

**CH +/-** – Press to select the TV channel.

**VOL +/-** – Press to adjust the volume.

### 3 **AUDIO**

Press to switch the audio streams/channels (page 28).

### 4 **SUBTITLE**

Press to switch the subtitles (page 28).

**5 Number buttons** – Use these to select and play the title/ chapter/track you want to watch or listen to and to select items from menus.

**CLEAR** – Press to clear the numeric number, etc.

**ENTER** – Press to execute the selected item or enter a setting that has been changed, etc.

**6 SECONDARY AUDIO** – When playing a BD-ROM on which secondary audio is recorded, press to switch to the secondary audio (page 28).

**SECONDARY VIDEO** – When playing a BD-ROM on which secondary video (Picture-in-Picture) is recorded, press to switch to the secondary video (page 29).

### 7 **VIDEO SELECT**

Press to switch the terminal from which the video signals are output. Use to switch between digital output (HDMI output) and analog output (Component Video output, S-Video output or Video output) (**the signals are only output from the selected video output terminal**) (page 24).

### 8 **HOME MEDIA GALLERY**

Press to display/hide the Home Media Gallery screen (page 34).

### 9 **TOP MENU**

Press to display the top menu of the BD-ROM or DVD-Video.

**10  $\uparrow/\downarrow/\leftarrow/\rightarrow$**  – Use to select items, change settings and move the cursor.

**ENTER** – Press to execute the selected item or enter a setting that has been changed, etc.

### 11 **🏠 HOME MENU**

Press to display/hide the Home Menu.

**12  $\blacktriangleright$  PLAY** – Press to start playback.

**⏸ PAUSE** – Press to pause playback. Press again to restart playback.

**■ STOP** – Press to stop playback.

**⏮ PREV/▶ NEXT** – Press to skip to the beginning of the previous/next title/chapter/track/file (page 27).

**◀◀/◀|/▶** – Press during playback to start reverse scanning. While playback is paused, press for step reverse playback. Press and hold while playback is paused for reverse slow motion playback (pages 26 and 27).

**▶|/▶▶** – Press during playback to start forward scanning. While playback is paused, press for step forward playback. Press and hold while playback is paused for forward slow motion playback (pages 26 and 27).

### 13 **RED/GREEN/BLUE/YELLOW**

Use these to navigate BD-ROM menus.

### 14 **VIDEO ADJUST**

Press to display/hide the Video Adjust menu (page 37).

### 15 **▲ OPEN/CLOSE**

Press to open and close the disc tray.

### 16 **FL DIMMER**

Press to switch the brightness of the front panel display. The **FL OFF** indicator lights when **Off** is selected.

### 17 **ANGLE**

Press to switch the BD-ROM or DVD-Video camera angles (page 28).

**18 OUTPUT RESOLUTION**

Use these to switch the output video resolution from the **HDMI OUT** or **COMPONENT VIDEO** output terminals (page 25).

**19 PLAY MODE**

Press to display/hide the Play Mode screen (page 29).

**20 POP UP MENU/MENU**

Press to display the BD-ROM or DVD-Video menus.

**21 DISPLAY**

Press to display disc information (page 29).

**22  TOOLS**

Press to display/hide the **TOOLS** menu (page 23).

**23  RETURN**

Press to return to the previous screen.

## Front Panel

---

**1  STANDBY/ON**

Press to turn the power on and off.

**2 Remote control sensor**

Point the remote control to this, then operate it within approximately 23 feet.

The player may have trouble capturing remote control signals if there is a fluorescent light nearby. If this happens, move the player away from the fluorescent light.

**3 Front panel display****4  OPEN/CLOSE**

Press to open and close the disc tray.

**5 RESOLUTION**

Press to switch the output video resolution from the HDMI output or component video output terminals (page 25).

**6 **

Press to skip to the beginning of the previous title/chapter/track/file. Press and hold to start reverse scanning (pages 26 and 27).

**7 **

Press to skip to the beginning of the next title/chapter/track/file. Press and hold to start forward scanning (pages 26 and 27).

**8 **

Press during playback to pause. Press again to restart playback.

**9 **

Press to stop playback.

**10 **

Press to start playback.

**11 HDMI indicator**

This lights when video signals from the HDMI terminal is output (page 14).

**12 Disc tray****13 FL OFF indicator**

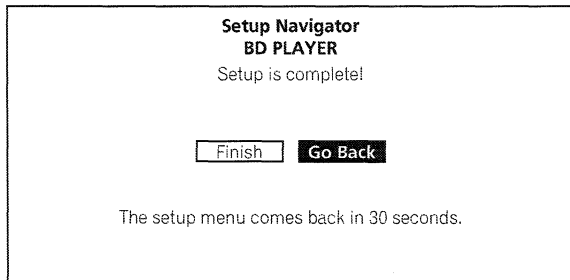

This lights when **Off** is selected with **FL DIMMER**.

**14 HD indicator**

This lights when an HDMI cable is connected and video signals are being output with a resolution of 1080/60i, 1080/60p, 1080/24p or 720/60p. It also lights when a component video cable is connected and video signals are being output with a resolution of 1080/60i or 720/60p.

### 10 Finish the Setup Navigator menu.

Use **←/→** to select **Finish**, then press **ENTER**.

To redo the settings from the start, select **Go Back**.

Depending on the output terminal setting of step 4 or the HDMI cable being used, it may happen that no picture and/or sound is output. If this happens, the setup returns to step 4 if there is no operation for over 30 seconds. Once the setup returns to step 4, redo the settings according to the connected devices and the HDMI cable being used.

### ❖ About the screen saver

The screen saver is automatically activated if there is no operation for over 1 minute after playback is stopped or paused. The screen saver turns off when an operation is performed on the player or remote control.

The screen saver is automatically activated if there is no operation for over 1 minute after the Home Menu or Home Media Gallery is displayed while playing a BD or DVD.

With CDs and music files, the screen saver is automatically activated if no button is operated for over 1 minute, even while the CD or music file is playing.

## Operating the TV with the player's remote control

When the manufacturer code for your brand of TV is set on the player's remote control, the TV can be operated using the player's remote control.

### 1 Input the 2-digit manufacturer code.

Press the number buttons (0 to 9) to input the code while pressing **TV CONTROL** .

- If you make a mistake when inputting the code, start over from the beginning.
- When there are multiple codes for a manufacturer, try inputting them in the indicated order until the TV can be operated.

### 2 Check that the TV can be operated.

### Caution

- For some models it may not be possible to operate the TV with the player's remote control, even for TVs of brands listed on the manufacturer code list.
- The setting may be restored to the default after the batteries are replaced. If this happens, reset it.

## Using the TOOLS menu

Various functions can be called out according to the player's operating status.

### 1 Display the TOOLS menu.

Press  **TOOLS**.

### 2 Select and set the item.

Use / to select, then press **ENTER**.

### Note

- Items that cannot be changed are displayed in gray. The items that can be selected depend on the player's status.

### ❖ To close the TOOLS menu

Press  **TOOLS** or  **RETURN**.

### ❖ TOOLS menu item list

Item	Description
Output Video Resolution	Switch the output video resolution from the various output terminals (page 25).
Play from Beginning	Play the selected title, track or file from the start.
Play Mode	Display the Play Mode screen (page 29).
Angle	Switch the BD-ROM/DVD-Video disc's camera angles (page 28).
Subtitle	Switch the subtitles (page 28).
Audio	Switch the audio streams/channels (page 28).
Secondary Audio	Switch the BD-ROM's secondary audio streams/channels (page 28).
Secondary Video	Switch the BD-ROM's secondary video (Picture-in-Picture) (page 29).
Original/Play List	Switch the DVD-R/-RW's (VR format) list screen between the original list and the playlist.
