Size AAA batteries (2)

Table-Top Stand (1)*²

Fixing screws for Table-Top Stand

(M5 × 16) (3) (except KDL-60NX720)

Assembling screws for Table-Top

Stand (M6 × 14) (4)

Hexagon wrench (1)

Video/Component Adapter (1)

Operating Instructions (this manual)
and other documents

*¹ Please refer to the model name printed on the remote control.

*² Assembling the Table-Top Stand is required. Refer to the supplied Table-Top Stand leaflet to assemble the Table-Top Stand.

Inserting batteries into the remote control

1 Remove the protection sheet.

2 Push and slide the cover upward.

Guidelines for Remote Control

- Point your remote control directly at the IR sensor located on your TV.
- Make sure that no objects are blocking the path between the remote control and the IR sensor on your TV.

- Fluorescent lamps can interfere with your remote control; try turning off the fluorescent lamps.

Parts and controls of the remote control

Use the supplied remote control to control your TV. Basic remote control operations are explained here. For details on all of the remote control functions, press **i-MANUAL** and see the built-in manual (i-Manual) (page 24).

1 I/O

Press to turn the TV on and off from standby mode.

2 i-MANUAL

Displays the built-in manual (i-Manual).

3 SYNC MENU

Displays the BRAVIA Sync Menu to operate the BRAVIA Sync-compatible equipment that is connected to the TV.

4 ↑/↓/←/→/⊕

Moves the on-screen cursor, and confirms the item.

5 OPTIONS

Displays a list of convenient functions and menu shortcuts. The menu items vary based on the current input and/or content.

6 Color buttons

When the color buttons are available, an operation guide appears on the screen.

7 CH +/-/Number buttons

Select channels in the TV mode.

8 VOL/△ +/-

Adjusts the volume.

Rear of Remote Control

Programming the Remote Control (For RM-YD057 and RM-YD067 remote control users)

Your remote control can be programmed to use other equipment and is pre-programmed to operate the following Sony equipment.

Function Button	Sony Equipment	Code Number
DVD	DVD Player	31033
AMP	Receiver	52172
STB	Digital Satellite	01639

Programming Other Equipment

Follow the steps below to program your TV remote control.

- 1 Look for the code in the Manufacturer's Code List (refer to i-Manual) that corresponds to the equipment you would like to operate with the Sony remote control. If more than one code is provided, try programming the first code listed. If your equipment's code is not listed, visit <http://esupport.sony.com/remotecodes> for a more comprehensive list.
- 2 Press and hold **DVD**, **AMP** or **STB** function button simultaneously with button and release. When in the programming mode, the function button (**DVD**, **AMP**, **STB**) blinks for approximately 30 seconds until a code is entered.
- 3 Enter the five digit code using - while the function buttons (**DVD**, **AMP**, **STB**) are lit. If the code is not entered within 30 seconds, you must repeat step 2.
- 4 Press to confirm the code. If successfully programmed, the function button (**DVD**, **AMP**, **STB**) will blink twice, if not, it blinks five times.

Confirm the Programming

If you can turn your equipment on and off using the green **POWER** button, the programming is complete. If not, try the next code listed.

- In some cases, you may not be able to program your remote control. If this is the case, use your equipment's own remote control.
- Any of the function buttons (**DVD**, **AMP**, **STB**) can be programmed to operate other equipment regardless of the labeling. For example, if programmed with the correct code, a Blu-ray Disc player can be operated with the **DVD** button. This is useful if your equipment does not match any of the labeled buttons.

To reset the remote control to the factory default:

Press **SCENE**, **TV I/⏻** (TV POWER), and simultaneously. The four function buttons (**DVD**, **AMP**, **STB**, and **TV**) blink when successfully reset.
