

Using TV Features

Overview of the Remote Control and TV Controls/Indicators

Inserting Batteries into the Remote Control

When using the remote control for the first time

Pull the insulation film out from the remote control.

When changing the battery

Unlock the battery holder by pushing a pen tip into the hole located on the rear of the remote control. Slide the battery holder out. Replace the battery with CR2032 (lithium) battery with **+** side up in the battery holder of the remote control.

Remote Control

- This remote control cannot be programmed to use with other equipment.
- The **5** button and **CH +** have a tactile dot. Use them as a reference when operating the remote control.
- This remote control is designed to operate at fairly close range from the TV. If you use with other Sony TVs, operate it near the TV you want to control.
