### Installing batteries

Install the batteries (AAA×2) matching the polarity indicated inside battery compartment of the remote control.

#### 1 Open the cover.

#### 2 Insert batteries.

Make sure to match the + and - on the batteries to the marks indicated in the battery compartment.

#### 3 Close the cover.

**Caution:** Never throw batteries into a fire.

#### Notes:

- Do not mix different battery types or combine used batteries with new ones.
- If the remote control does not operate correctly, or if the operating range becomes reduced, replace both batteries with new ones.
- If the batteries are dead or if you will not be using the remote control for a long time, remove the batteries to prevent battery acid from leaking into the battery compartment.

## Identification of Controls

### Operating with the remote control

Point the remote control at the remote sensor and press the buttons.

**Distance:** About 5 m from the front of the remote sensor.

**Angle:**  
About 30° in each direction of the front of the remote sensor.

- Do not expose the remote sensor of the Blu-ray Disc™ player to a strong light source such as direct sunlight or other illumination. If you do so, you may not be able to operate the Blu-ray Disc™ player via the remote control.

#### Notes:

- Direct the remote control at the remote sensor of the Blu-ray Disc™ player.
- When using the remote control, press the buttons at intervals of about 1 second to ensure the correct mode of operation.
- Do not drop or give the remote control a shock.
- Do not leave the remote control near an extremely hot or humid place.
- Do not spill water or put anything wet on the remote control.
- Do not open the remote control.
- If the remote control is not going to be used for a long time, remove the battery to avoid damage caused by battery leakage corrosion.

## Connections

### Connecting to a TV using an HDMI® cable

This connection provides better picture quality and supports up to 1080i/1080p, 1080p/24F resolution. Connect a HDMI cable from the HDMI output jack on this product to the HDMI input jack on the TV.

#### Notes:

- HDMI connection is required. Cables are not included for BDX2150KU model. Analog connection is not supported.
- Do not tilt the connector when inserting it into the HDMI jack, and make sure the shapes of the jack and the connector are matched.
- When using a non-HDCP compatible TV, the image will not display properly.
- An HDMI cable carries both video and audio signals. If you want to use TV speakers, you do not need to make an additional audio connection if you are using an HDMI cable.
