

Chapter 3: Using the remote control

Preparing the remote control for use

The remote control can operate your TV/DVD and control the basic functions of connected audio/video devices if you connect a REGZA-LINK[®] compatible audio receiver or playback device (Page 47).

Installing the remote control batteries

- 1 Remove the battery cover from the back of the remote control.

- 2 Install two AAA size batteries. Match the + and - symbols on the batteries to the symbols on the battery compartment.

- 3 Close the battery cover on the remote control until the tab snaps.

Caution: Batteries must not be exposed to excessive heat such as sunshine, fire or the like.

Note:

- Be sure to use AAA size batteries.
- Dispose of batteries in a designated disposal area.
- Batteries should always be disposed of with the environment in mind. Always dispose of batteries in accordance with applicable laws and regulations.
- If the remote control does not operate correctly, or if the operating range becomes reduced, replace batteries with new ones.
- When necessary to replace batteries in the remote control, always replace both batteries with new ones. Never mix battery types or use new and used batteries in combination.
- Always remove batteries from the remote control if they are dead or if the remote control is not to be used for an extended period of time. This will prevent battery acid from leaking into the battery compartment.

Menu	Accesses the menu of a DVD during playback.

Note:

- These functions depend on the devices that are connected.
- The **REGZA-LINK Player Control** item will be grayed out in the following conditions:
 - A non-HDMI input is currently selected.
 - The **Enable REGZA-LINK** item is set to **Off**.
 - The connected CEC device is not a playback or recording device.

REGZA-LINK® input source selection

If a REGZA-LINK® device with HDMI switching capability (e.g. Audio Receiver) is connected to the HDMI input, you can select another REGZA-LINK® device that is connected to the master HDMI device using  on the remote control or the TV control panel ( Page 33).

VOLUME and MUTE controls of Audio Receiver

With your TV's remote control, you can adjust or mute the sound volume of the Audio Receiver.

-   adjust the volume level.
-  turns off the sound.

Note:

- To use this function:
 - Set **Speaker Preference to Audio Receiver** in the **REGZA-LINK Setup menu**.
 - Confirm that a connected REGZA-LINK® device (such as DVD player, etc.) is selected for the Audio Receiver input source.
- You can also use this function when the audio receiver is connected to the TV's **DIGITAL AUDIO OUT** terminal (not HDMI connection). In this case, select a digital audio input mode on the Audio Receiver.
- These functions depend on the device connected.

Other REGZA-LINK® functions

When the **Enable REGZA-LINK** and each item in the **REGZA-LINK Setup** menu are set to **On**, the following functions will be enabled.
